Erin – No problem. I've asked Jessica to pull out the descriptions from the BDCP and the BDCP EIR/S. She's going to send you descriptions from the February version, but we will see if we can follow-up with something more recent, since there have been changes to the operating scenarios for CM 1.

Thx, C.

Hey Cassandra,

Do you have a written description/definition of conservation measure 1 that you can share with me?

I hope all is going well,  
Erin
